tenable.ad™

TENABLE.AD SPECIALIST COURSE INSTRUCTOR-LED TRAINING

TENABLE.AD SPECIALIST COURSE

This fast-paced Tenable.ad™ Specialist Course provides the knowledge and skills necessary to effectively utilize Tenable.ad to address Active Directory (AD) risks and disrupt attack paths in enterprise IT environments.

OVERVIEW

Participants in this two-day course will learn how to implement and support the Tenable.ad platform. Content for the instructor-led course includes installation and configuration of Tenable.ad in cloud or on-premises environments, a review of essential AD components and Tenable.ad operations, and detailed discussions on using Indicators of Exposure (IoEs) and Indicators of Attack (IoAs) to analyze vulnerabilities and detect attacks.

AUDIENCE

This course is suited for professionals with operational responsibilities using Tenable.ad who want to expand their knowledge to maximize the solution's effectiveness.

PREREQUISITES

Tenable highly recommends that all participants complete the free Tenable.ad Introduction Course available at Tenable University before attending this course.

COURSE SYLLABUS

1. Introduction
   - Welcome to Tenable
   - Lab Environment
   - Product Overview
2. See, Predict, Act with Tenable.ad
   - Enabling Indicators of Exposure (IoE) and Indicators of Attack (IoA)
   - Introduction to Trail Flow and IOEs
   - Introduction to IOAs
3. Installation and Configuration
   - Product Configuration
   - Troubleshooting
   - Integrating Tenable.ad into a Corporate Ecosystem
   - Tenable.ad REST API
   - Technical Aspects
   - Product Deployment
   - On-Premises Upgrade
   - Ensuring Deployment Success

KEY BENEFITS

- **Hands-on Lab Environment**
  Gain practical, real-world experience with Tenable® products in realistic scenarios

- **Flexible Scheduling**
  Live instructors teach courses remotely from multiple time zones to meet your availability requirements

- **Knowledge You Can Use**
  Starting with a firm foundation, progress deeper into deployment planning and vulnerability analysis

This course does not include Technical Support assistance or troubleshooting of specific customer concerns.

For Technical Support assistance, please visit our online community at https://community.tenable.com or tenable.com/support.
