

# TENABLE.SC EXPERT CERTIFICATION EXAM

## TENABLE.SC EXPERT CERTIFICATION

Tenable.sc<sup>™</sup> is a comprehensive vulnerability analysis solution that provides complete visibility into the security posture of your distributed and complex IT infrastructure. The Tenable.sc Expert Certification is a two-part exam, written and practical, that validates your in-depth product and best practices knowledge.

The exam is taken online in a proctored environment. The written exam must first be completed before you are allowed to take the practical exam. Upon successful completion of both exams, a Tenable.sc Expert Certification will be provided in electronic format.

#### **WRITTEN EXAM**

Candidates are required to complete a sixty (60) question exam. The exam bank consists of both multiple-choice and true/false questions.

Two (2) hours are allocated for completion, and a minimum score of 80% is required to pass.

#### PRACTICAL EXAM

Candidates are required to complete a set of activities simulating a real-world environment. The practical exam can include up to thirty (30) tasks to complete, with a series of questions based upon the tasks. each questions is scored equally.

Four (4) hours are allocated for completion, and a minimum score of 80% is required to pass.
